

How to Download *Altogether Beautiful* Videos on Vimeo

You can buy all 8 videos at once or buy them each individually. If you buy a single video and then decide to buy the rest, you will have to purchase *all* videos individually.

How to purchase videos:

Click the “Buy the Videos” button on the [cph.org](#) page for *Altogether Beautiful*, or head directly to the [Vimeo page](#).

1. Log in to your Vimeo account. If you don’t have a Vimeo account, you’ll need to create one. (This is not connected with your [cph.org](#) account.)
2. **To purchase all 8 videos:** Click the “Buy” button on the right side of the page. **To purchase individual videos:** Click the “Buy” button to the right of the video you want to purchase.
3. Once your purchase has been completed, you will be able to **stream (watch)** or **download** your video(s).

Streaming the videos requires an Internet connection while watching.

(If you have a slow or intermittent Internet connection, you might want to **download** the videos so they don’t buffer during your study.)

Downloading the videos requires an Internet connection to download, but the videos will then be saved to your computer’s downloads folder so you can watch them without an Internet connection later. Each video has to be downloaded individually.

How to access videos after purchase:

1. Log in to your Vimeo account.
2. Hover over your profile icon in the top right corner.
3. Click “Purchases,” and then click on *Altogether Beautiful*.
4. From here, you can choose to stream (watch) or download your videos. To stream your videos, click the “Watch” button. To download, click the cloud button.

Note: Video files are large and can take a long time to download. We recommend downloading each week’s video a few hours before you need it to ensure videos are downloaded in time for your study.

If you have trouble with your purchase or download, you will need to contact Vimeo. CPH Customer Service cannot issue refunds or send you videos. For additional questions, check out the [Vimeo Help Center](#) or [this FAQ](#).

To download videos with subtitles, follow the instructions on [this help article](#) from Vimeo.
